

WETLAND PROJECTS

Potential Jurisdictions in Minnesota

Listed below are the several agencies with jurisdiction over wetlands in Minnesota. Depending on your project, you need to contact all or some of them for their comment and/or approval.

Please complete the Minnesota Local/State/Federal Application for Water/Wetland permits and send a copy to each agency involved on this list. *Don't use the contact list that is included with the Wetland Application...they are not the local offices.* You will be notified if any permits or other determinations are required before you can start your project.
