COVID-19 Update: Confirmed Cases in Todd County

On the evening of April 11, 2020, the Minnesota Department of Health (MDH) reported to Todd County Health & Human Services there was one lab confirmed COVID-19 case. This individual is in their 80s, had community exposure, and is self-isolating. On April 12, 2020, the Minnesota Department of Health reported two lab confirmed cases of COVID-19 in Todd County on their website. As of April 12, 2020, Todd County Health & Human Services became aware of a second lab confirmed case of COVID-19. This individual is in their 50s and their condition and likely exposure is unknown at this time.

To protect the confidentiality of each lab confirmed COVID-19 case, the Minnesota Department of Health provides Todd County Health & Human Services with limited information on each case. Todd County HHS is only able to disclose the following information on each lab confirmed COVID-19 case, if available:

- a. County of residence
- b. Age range
- c. Reported medical condition (i.e., self-isolating, hospitalized)
- d. Likely exposure method (i.e., community spread, travel)

The Minnesota Department of Health is conducting the investigation for each confirmed COVID-19 case. At this time, Todd County Health & Human Services is not involved in investigating confirmed COVID-19 cases or their immediate contacts. Todd County Health & Human Services is continuing to actively monitor the spread of COVID-19 in Todd County with local community partners, and state and federal agencies, and will alert the public if more information can be shared.

The total number of lab confirmed COVID-19 cases is reported on Todd County's website at: <https://www.co.todd.mn.us/coronavirus-disease-2019-covid-19/> As this is a rapidly changing situation please continue to check back to this website for updates.
