| Face Shields | HEXA Containment | PJ Dial | 713-360-9129 | pj.dial@hexacontainment.com | <p>Hello! My name is PJ Dial, VP of Sales for HEXA Containment. We are a privately owned business, out of Houston, TX, manufacturing Environmental products, namely spill containment goods. Our markets are typically the Oil & Gas markets...we work to make sure spills are contained and nothing gets to the ground.</p> <p>In the battle to contain COVID-19, we have re-tooled 2 of our manufacturing lines to help meet the growing demand for PPE. We are now offering Face Shields for our First Responders, Medical Professionals, HAZMAT Response teams and any others in need of this type of protection. Manufacturing right here in Texas, we are currently fulfilling orders with the capacity to produce 7,000 face shields per day.</p> <p>From the start we have been inundated with orders from all over the country, enabling us to install new machines and hire employees to meet the demand. We will complete today, 2 large orders for the Texas Division of Emergency Management and the Indiana State Department of Health, 80,000 masks.</p> <p>I am reaching out to introduce our company and let you know of the availability we have for face shields. We have 5,000 ready to ship today and are producing 7,000 per day. Please let us know if we can help, I have attached a brochure for your review. Also, please see the link below as we were featured on ABC in our efforts to help battle this virus.</p> |
| Face Shields, other PPE | Rox Volleyball | Francis Lobo | | Marketing@roxvolleyball.com | <p>The factory for Rox Volleyball, Fit USA Manufacturing out of Ormond Beach, Florida, has retooled its manufacturing capability. Fit USA is producing face masks and PPE (Personal Protective Equipment) to help in the fight on COVID-19. We are working with Health Care departments and at all levels of Government.</p> <p>We are placing the 3 styles of face masks on Fit USA Manufacturing website. Hospitals, healthcare community, and first responder have priority in production. Please understand we are doing our best to support the masses first.</p> <p>Please feel free to share this information, and if you know of a business or group in need, have them reach out to marketing@roxvolleyball.com or visit our website www.fitusamanufacturing.com</p> |
| Face Shields | Royer Corp | Michael King | | mkring@royercorp.com | <p>Iâ€™m hoping to be put in touch with the contact at the state who would handle sourcing face shields? Is there currently a need that we can help address?</p> <p>We currently supply the State of Indiana, the National Guard and Ascension Hospitals with shields.</p> |

| Face Shields | Mick Fischer Trophy & | Justin Fischer | 920-212-0074 | trophyguy@outlook.com | <p>My name is Justin Fischer and my family owns Mick Fischer Trophy & Engraving in Beaver Dam, WI. We as a company have re-tooled our laser cutting equipment to produce protective face shields to fill the gap in the large demand and limited supply. In the past weeks we've supplied shields to Police, Fire, EMT, Care Centers, Dodge County Emergency Mgt., WI Dept. of Corrections (1000 pcs) as well as hospitals and home health Care across the state. We are also an approved State of WI vendor. We have the ability to produce 750-1000 shields per day and can ship or deliver every morning the completed shields from the prior day if need be until larger orders are complete. Here is the qty and pricing information followed by photographs of the shields. They are a very simple effective 2 piece unit made entirely of acrylic so the entire shield can be sanitized. I can start filling orders for entities in your area that need them immediately. Please contact me directly with any other questions you may have.</p> <p>From the family of a fallen Town of Madison, WI Sergeant, our heartfelt and sincere THANK YOU to you and all of the warriors out there on the front lines fighting this battle for our future!</p> <p>Justin Fischer Direct cell - 920.212.0074 trophyguy@outlook.com</p> |

| Face Shields | US Nameplate Co. | Thomas A McColley | 810-210-5764 | tomccolley@gmail.com | <p>I know your inbox is filled with promises of PPE, only to be disappointed when you open the email. We are a real company shipping large quantities of face shields daily. Please review our information below:</p> <p>US Nameplate Company is manufacturing 50K face shields daily at our ISO 9001:2015 Certified facility located in Mt. Vernon, IA. We are working with the University of Michigan Hospital and multiple hospitals, states and their agencies on a national scale. Even though our production rate is high, this inventory is depleted daily due to the national shortage of PPE. In addition, I have made contacts for gowns and fabric face masks and am happy to share those contacts. Please see additional information on our shields below. Photos attached.</p> <ol style="list-style-type: none"> 1. Face shield is a one-piece design 2. Material is Lexan 8010 polycarbonate, 0.010 to 0.020 mils thick, dependent on available material stock 3. Dimensions are 9.5"L x 15"W for full face coverage 4. Adjustable side strap with foam forehead piece provides a comfortable, secure fit 5. Current production volume is 50K units daily 6. Face shields can come fully assembled (\$2.85ea) or un-assembled (\$2.60ea). Assembly is simply applying the foam head piece <p>Please let me know if you need additional information.</p> |
| Face Shields | Elevate 97 | Jeffrey A Spizale | 612-607-2158 | jeffspizale@gmail.com | <p>Our company is Elevate 97. We are a woman owned company based in Green Bay, WI with offices in Edina, MN. We are primarily a print, POP and fulfillment company but when our CEO (Kate Burgess) saw the need for protective equipment we shifted gears and had our production team start producing face shields. We make about 250,000 each week and keep about 25,000 on hand for quick shipping. We also offer kitting, fulfillment and warehouse space.</p> |

| Face Shields | Sailcrafters | Julie Schmidt | 651-303-2898 | jschmidt2106@gmail.com | <p>I am contacting you on behalf of Tim Carlson from Sailcrafters. (See the details of his face shield project on his website: Sailcrafters.com)</p> <p>Tim is very busy coordinating the making of face shields for a variety of organizations, including hospitals, police, EMS, fire and a few long term care facilities. He asked me to check with you on two issues:</p> <ol style="list-style-type: none"> 1) Is there a need for face shields in nursing homes yet from your perspective as he would like to especially support these organizations. 2) Tim will continue intense production of face shields IF THERE IS A NEED In the state. He is at the point of determining whether to purchase additional products if need be. He can produce them for \$4 which is less expensive than other areas since there is no mark up due to volunteer workers. There can be 1000-1500 produced per day. he is willing to sell them to the state at this reduced price, using the profit to purchase more supplies. <p>I am a former healthcare administrator with 45+ years of leadership experience and am part of the voluntary team on this impressive project. If someone from your department would contact me, I could discuss in more detail.</p> |
